

PERSONALIZED INVITATION USING CANVA

Good morning,

- First step download canva app in my system.
- Using canva app I create Empathy map and Brainstorming map.
- Then submit my maps on github app.
- Then create one Birthday invitation.
- I submit that invitation in github app.
- Then I create one video about how I handled & how I create designs then how much I enjoying while using canva app.
- Canva app has thousands of designs layout for any project including presentations, social media & more.
- Anyone can create designs & this can all be done in online.
- We can create professional looking posters, slideshows, Images, Event flyers, Cards, Resumes, Certificates & etc..
- This tool allow me to design visuals to showcase my knowledge in unique way.
- Thanks for Naan Mudhalvan for know about canva app & it's features.
- While using this app I enjoy a lot.
